Today, President Trump made the decision to rescind the Obama era transgender policy in the military. Join us in applauding President Trump for keeping his promise to return to military priorities -- and not continue the social experimentation of the Obama era that has crippled our nation's military. The military can now focus its efforts on preparing to fight and win wars rather than being used to advance the Obama social agenda.

The last thing we should be doing is diverting \$\$ from training to something as controversial as sex changes. #SecurityNotSexChanges

.@POTUS recognizes what military leadership & American people realize -- the Obama transgender policy made no sense. #PCDoesntWinWars

Only 23% of U.S. voters think the military's decision to allow openly transgender people to serve is good for the military. @Rasmussen_Poll

Our military's focus should be on preparing to fight & win wars rather than being used to advance Obama's social agenda. #CommonSenseDefense

When facing threats, what kind of training should our troops be doing? Security, not transgender sensitivity classes. #CommonSenseDefense
